

Mechanical Assembler

Come Work with Us!

For more than 70 years, Cadman Power Equipment has been offering irrigation systems solutions globally. An international leader in exporting agricultural & industrial machinery, we manufacture/offer more than 130 products from our primary facility located in Courtland, Ontario; in the heart of Norfolk County!

Central to many cities, including Aylmer, Delhi, Ingersoll, London, Simcoe, Tillsonburg and Woodstock; the Cadman name and reputation across our industry is well-known and respected, built on trust and reliability for more than 7 decades. We proudly showcase the great work our amazing employees manufacture in 21 countries worldwide.

Cadman Power Equipment - STRENGTH. SIMPLICITY. DEPENDABILITY.

Are you looking to work for a reliable and reputable company with an ability to grow in your role, learn new things, offers competitive wages & benefits, and work with colleagues and leadership that you can trust? Do you want a job that you can feel proud of and accomplished at the end of the day? *You will find that here at Cadman Power Equipment!*

We are currently seeking a qualified individual to join our team in the position of **Mechanical Assembler** on the day shift, at our main facility in Courtland. In this position, you will be responsible for performing all steps required to assemble quality products accurately and in a timely manner, following specific methods.

The ideal candidate will possess a strong work ethic, the ability to work efficiently in both a team environment and independently and a willingness to support other departments as necessary.

Core responsibilities include, but are not limited to:

- Position, assemble and install components and accessories of various size using a variety of hand and power tools as well as lifting aids (overhead hoists)
- Read and interpret schematics, blueprints and other technical diagrams
- Connect cables, tubes and wires to complete assemblies and installations
- Identify and report all defects as appropriate
- Clean and perform preparation of work-site
- Lubricate, clean, maintain and repair machinery, equipment, and tools
- Grind, scrape, sand, or polish surfaces using abrasive tools or machines
- Other duties as assigned

Key Skills and Qualifications

- Secondary school diploma, or equivalent
- 1-2 years mechanical experience, preferably within the agricultural or automotive sector
- Ability to read and interpret blueprints
- Strong mathematical skills and mechanical aptitude
- Ability to use hand tools and simple power tools
- Forklift and overhead crane certification, or the ability to achieve certification
- Ability to lift 25+ pounds
- Reliable transportation required
- Willingness to work overtime or adjusted hours as required

Cadman Power Equipment welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process. Please let us know if you require accommodation.

We thank all applicants for their interest; however, only those chosen for an interview will be contacted.

Job Types: Full-time, Permanent

Benefits:

- Casual dress
